## Document Objective

This document provides an overview of the Port of New Orleans’ (Port NOLA) efforts to collect feedback from the Violet community on the amenities it would like to see in a relocated Violet Park. The report outlines the Port’s outreach efforts, the survey methodology, and the results, focusing primarily on the 70092 Violet zip code.

The survey results will be provided to the St. Bernard Parish Recreation Department to inform future planning of a new Violet Park.

# Executive Summary

Violet Park is currently located within the proposed Louisiana International Terminal footprint on Port NOLA-owned property in Violet, Louisiana. Port NOLA has committed to working with St. Bernard Parish on the relocation of the park within Violet, providing a valuable community space in Violet for future generations.

Violet Park is an integral part of the community. The St. Bernard Parish Recreation Department is responsible for planning, designing, and constructing the new park.

The Port issued a survey to the 70092 zip code with the goal of collecting data from Violet residents about the park amenities that are most important to them. Through this survey, Port NOLA aims to strengthen the ability for the Violet community and the St. Bernard Parish Recreation Department to develop their new park.

The survey was open during the period of September 25, 2024, to November 26, 2024. Community members had the option to participate in three ways: 1) mail-in response, 2) online response, and 3) submit in person. The Port received 291 responses in total.

The survey asked participants to self-report their zip code so Port NOLA could prioritize feedback from those within the Violet community where Violet Park is located. Roughly 91 percent of the responses listed the 70092 zip code, with 27 responses either from outside the Violet zip code or without a zip code listed.

The survey asked community members to rank the park amenities they consider most important. It also included an open-ended section where participants could share additional thoughts not addressed in the survey.

Based on the various data points collected in the survey, the following park amenities appeared to be the top priorities among Violet-area respondents:

Open-ended responses from respondents in the 70092 zip code provided suggestions for amenities that were not listed on the survey. Common responses included the desire for safety features (such as lighting, cameras, and fencing), clean multi-stall bathrooms, a public pool, shaded seating areas, a gym or indoor facility, and a dog park.

Common phrases used in open-ended responses included:

Port NOLA will share this report with the St. Bernard Parish Recreation Department for consideration in the Violet Park relocation process. The Port will also make this report available publicly, so residents can understand the preferences of their fellow Violet community members and use it in their efforts to advocate for their new park.

# The Survey

Port NOLA distributed the survey in multiple formats to collect as much feedback from the 70092 zip code as possible. Residents within the Violet zip code received two copies of the survey in the mail as well as access to an online version. The Port also distributed and collected the survey in person at the Violet Community Connection Office and at “Collection Events” throughout Violet.

The survey consisted of the same questions (which are shown and described below), regardless of format.

1

The survey asked participants to self-report their zip code so Port NOLA could prioritize feedback from those within the Violet community where the park is located.

2

Participants had the opportunity to provide contact information and opt-in to email updates.

3

The survey also listed nine park amenities and asked participants to denote the importance of each amenity on the scale of “Not Important” to “Very Important.”

- The amenities listed on the survey were selected based on the features at the existing Violet Park as well as amenities at parks across St. Bernard Parish.

4

Participants were then asked to select their top three of the nine potential park features listed and rank them in order of priority.

## Survey Questions

Address		Zip		
Email		Send me email updates (Y/N)		
How important to you are the following features for the new Violet Park?				
Potential Park Feature	Not Important	Somewhat Important	Important	Very Important
Splash Pad / Water Play Area				
Concession Stand				
Baseball Field				
Walking / Running Path				
Playground				
Basketball Court				
Tennis Court				
Outdoor Fitness Center				
Pavilion				
Other:				
Tell us your top three potential park features from the list on the other side. Rank them from 1 (top priority) to 3 (lower priority).				
<div>_____</div> <div>1 (top priority)2 (medium priority)3 (lower priority)</div>				

The online version of the survey included one additional open-ended question:

“**What are we missing?** Tell us what other features you would like St. Bernard’s Recreation Department to consider for the replacement park.”

The print version of the mailer had limited space and therefore did not include this question. However, participants who submitted the print version had (and took advantage of) the opportunity to write open-ended feedback in the “Other” space in the list of potential amenities.

# Survey Collection

Port NOLA provided a variety of ways for Violet residents to submit their feedback.

## Mail-in

Residents received two copies of the survey in the mail, and it was also available for download on the Louisiana International Terminal website. Once complete, residents mailed it back.

## Online

The survey was available online via JotForm and linked on the Louisiana International Terminal website.

A QR code was also available on the mailers.

**Community  
Connection Office**

Residents scheduled time to drop off their complete survey at our Community Connection Office.

## Collection Events

LIT hosted collection events within Violet where residents could stop by to complete their surveys or drop off a completed version.

## Mail-In Survey

Port NOLA mailed the survey to residents within the 70092 zip code as a tri-fold mailer that included a detachable postcard-sized survey (shown below) which could be submitted to the Port via mail. The full tri-fold mailer included context about the park amenities survey and listed the various ways residents could submit their feedback. The back of the tri-fold mailer included projected economic impact information about the Louisiana International Terminal.

The detachable postcard portion of the mailer containing the survey was pre-addressed and only required postage.

New Orleans, LA 70130

A set of surveys was mailed on September 25, 2024. After identifying a typographical error in the supplemental content on the survey mailer (specifically in the projected economic impact section), a second set of surveys was mailed on October 30, 2024.

Due to the resend, some addresses submitted two surveys responses. All submissions were counted in the results section below for two reasons:

- 1) There were no completely duplicative print/mail-in responses. Although the address may have been repeated, the feedback varied.
- 2) Port NOLA could not confirm whether the two submissions from the same address were from different household members, and therefore included both responses in the results below.

A full example of the mailed survey, as well as details about the correction needed, are available in Appendix A.

## Online Survey

The online version of the survey was available on JotForm and could be accessed via the LouisianaInternationalTerminal.com website or via QR code available on the mailer.

The full online version of the survey is available in Appendix B.

Representative screenshots from the online version of the survey.

# Survey Collection (cont.)

## Survey Collection Event Schedule

Below is the schedule of survey collection events the Port hosted throughout Violet. Residents could visit the pop-up events to complete the survey or turn in their completed mail-in survey.

DATE	TIME	LOCATION
October 8, 2024	5:30 - 8PM	Oak Ridge Homeowners Association's Night Out Against Crime
October 9, 2024	10AM - 3PM	Community Connection Office (6201A E St. Bernard Hwy)
October 20, 2024	2 - 4PM	Oak Ridge Fuel Mart (5815 E Judge Perez Dr.)
October 23, 2024	11AM - 2PM	T&T Communications (4908 E Judge Perez Dr.)
November 20, 2024	2 - 4PM	Riverbend Neighborhood Violet, LA
November 24, 2024	1:30 - 3:30PM	C Street, Violet, LA
November 25, 2024	4 - 7PM	Community Connection Office (6201A E St. Bernard Hwy)

Photos of the team in action are available on Facebook at @LouisianaInternationalTerminal.

# Survey Results

## Respondents by Zip Code

The majority of the survey responses came from the 70092 zip code and surrounding areas. Specifically, 88 percent of print respondents and 95 percent of online respondents reported they were within the 70092 zip code. In total, 91 percent of all respondents were from 70092. Full responses from the 70092 zip code are available in Appendix C.

The other zip codes represented included 70043, which covers Chalmette; 70032, which covers Arabi; and 70085, which covers smaller communities within St. Bernard Parish. In addition, some respondents left the zip code field blank as the field was not required. For the purposes of this report, we will focus on the 70092 zip code, but responses from outside the 70092 zip code are available in Appendix D.

ZIP CODE	ONLINE	PRINT	TOTAL
70092	102	162	264
70043	3	0	3
70032	1	0	1
70085	1	1	2
No Zip Reported	0	21	21
TOTAL	107	184	291

## Key Priorities

Below is a breakdown of each park feature and how the community values it. Splash Pad, Walking/Running Path, and Playground seem to be the top three priorities for residents from Violet when reviewing the various data points. These amenities are highlighted green in the chart below.

	RANKED TOP PRIORITY	RANKED VERY IMPORTANT	RANKED NOT IMPORTANT
Splash Pad	19% (51)	56% (147)	11% (28)
Concession Stand	2% (5)	49% (130)	6% (15)
Baseball Field	16% (41)	54% (142)	8% (21)
Walking/Running Path	16% (43)	64% (168)	2% (4)
Playground	16% (43)	70% (184)	2% (6)
Basketball Court	5% (13)	55% (144)	7% (18)
Tennis Court	0% (0)	30% (78)	22% (57)
Outdoor Fitness Area	2% (5)	52% (136)	6% (16)
Pavilion	2% (5)	62% (163)	4% (10)

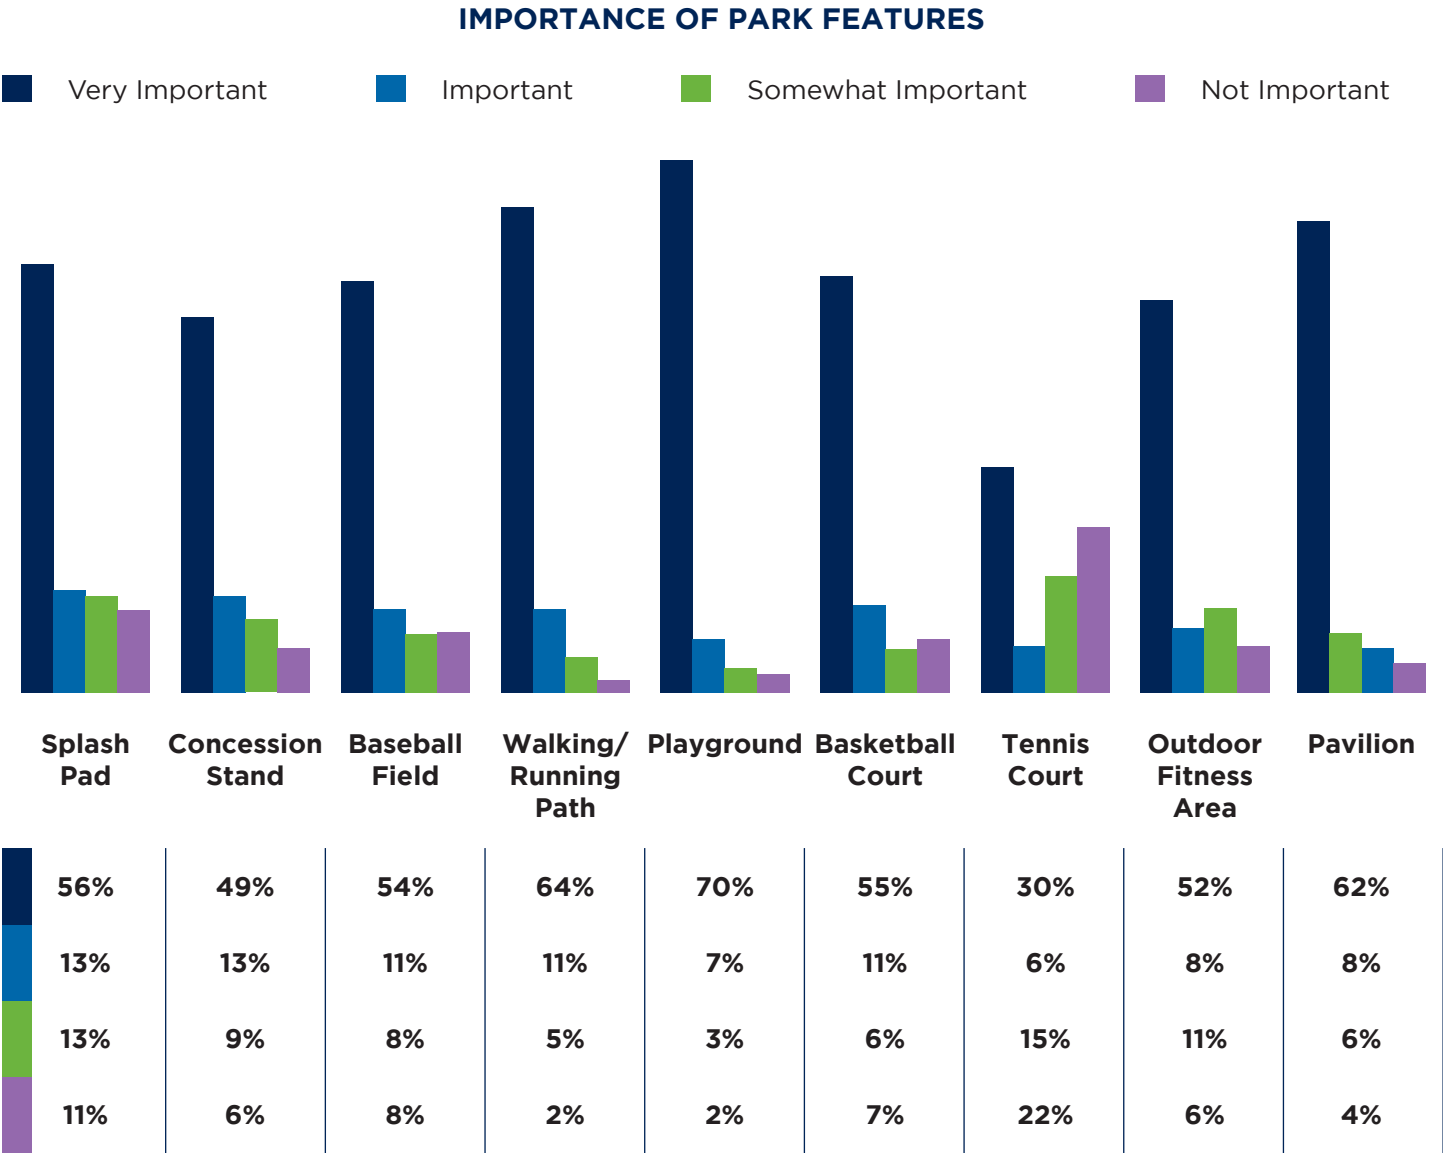

When looking at individual metrics, **Baseball Field** should be considered a high priority for the community as well, as it was listed as a “Top Priority” and “Very Important” nearly as many times as Playground and Walking/Running Path. Compared to the Splash Pad, a Baseball Field was listed as “Not Important” fewer times, meaning more respondents considered the Splash Pad as less important.

Similarly, **Pavilion** can be considered a desire for the community, as it was listed as “Very Important” for 62 percent of Violet respondents. However, it was only listed as a “Top Priority” by five respondents. Although, anecdotally, open-ended responses repeatedly mentioned the need for shade and covered seating.

Tennis courts seem to be the lowest priority for Violet respondents—no survey participants listed it as a “Top Priority” and 22 percent of participants denoted tennis courts as “Not Important.”

Importance of Each Amenity

Below is a more detailed breakdown of how the 264 Violet-based responses denoted the importance of (or lack thereof for) each potential park amenity listed in the survey.

Community Suggestions

The survey included an opportunity for participants to provide open-ended feedback regarding amenities they’d like to see in a new park that were not listed in the survey’s main questions. In those open-ended responses, common suggestions appeared, which are listed in the table below, along with representative quotes from the responses.

SUGGESTION	REPRESENTATIVE QUALITATIVE REPONSES In response to the “Other” field or the “What are we missing?” field)		
Restrooms	“Clean and upkeep restroom facilities.”	“Restrooms with multiple stalls.”	“Very clean and easy to use bathroom for people.”
Pool	“Pool so our kids can learn to swim.”	“Public POOL would be amazing!!!”	
Shaded Seating Areas/Bleachers/Picnic Areas/Grills	“Bleachers, benches, covered playground and fitness area. At least replacing what is currently there.”	“We need trees, benches and shaded seating.”	“Covered stands for shade.”
Dog Park	“Dog park!”	“Off leash dog park, agility equipment, shade, splash pad for dogs and private yards for dogs.”	
Gym/Community Center/Indoor Facility	“I think it should become a community center for kids.”	“And also a rental hall for parties keeping it in the St. Bernard Community making it fair to others other than going a play area for the kids.”	“Our kids & adults love this park .we need a gym for basketball games...we all grew up playing sports for our parks rec dept here. Take care of our people down the road.”
Lighting	“Lighting to improve safety.”	“Proper lighting.”	

Other common open-ended suggestions included pickleball courts, a duck/fishing pond, adequate parking, cameras/security/fencing, other sports fields (such as football and soccer), community garden/agricultural features, accessibility/ADA features, and more swings.

All open-ended feedback is available for review in Appendices C (Violet-only responses) and D (non-Violet responses).

## Next Steps

Port NOLA will share this report and the raw data with the St. Bernard Parish Recreation Department, which will then be responsible for planning, designing, and constructing the new Violet Park.

Port NOLA is also committed to sharing the results of this survey with the community to ensure transparency and foster continued engagement. To share this report with the community, Port NOLA will:

- Make printed copies of this report available at the Community Connection Office (6201A E St. Bernard Hwy)
- Post a link to the report on our website ([LouisianaInternationalTerminal.com](http://LouisianaInternationalTerminal.com))
- Email the report to our newsletter subscribers
- Post key findings on our social media channels
- Share at future Community Advisory Committee meetings

Violet residents are encouraged to review the findings of this survey and contact their local officials to participate in the process of relocating Violet Park. Your engagement is vital to ensure the new Violet Park comes to fruition and represents the community's needs.

Port NOLA thanks all survey respondents for their participation.

## Appendix A: Mailed Survey

In addition to mailing the corrected version to the 70092 zip code, Port NOLA provided the one-pager on page 14 explaining the correction at the Violet Community Connection Office and at survey collection events. The Port also shared this information on its social media channels, including Facebook and Instagram.

**Louisiana International Terminal St. Bernard**  
October 1 - ☺

It has come to our attention that a recent survey mailer sent to Violet residents contained a typo regarding the 2050 projected taxes for the Louisiana International Terminal. The correct projected jobs and tax information is below.

By 2033:

- 2,000+ new jobs estimated in St. Bernard Parish (direct and indirect)
- \$27M in new tax revenue each year estimated for St. Bernard Parish

By 2050:

- 4,300+ new jobs estimated in St. Bernard Parish (direct and indirect)
- \$41M in new tax revenue each year estimated for St. Bernard Parish
- \$760M in total new tax revenue estimated for St. Bernard Parish

We will be mailing out a new survey with the correct information to all Violet residents ASAP. The data from the revised mailer (which you should receive in the next couple weeks) as well as information gathered during collection events will be used to develop the final report.

If you have questions, please feel free to reach out to [litinfo@portnola.com](mailto:litinfo@portnola.com) or call (504)528-3227 to talk with our team.

					What are we missing?
Outdoor Fitness Area	Pavilion	#1 (Top Priority)	#2 (Medium Priority)	#3 (Lower Priority)	
	Not Important	Walking/Running Path	Baseball Field	Basketball Court	Inground pool
		Basketball Court	Baseball Field	Walking/Running Path	I think the basketball court is super important and the baseball field, as many games are held there. The walking/running area would be huge plus, as it would be a safe and short distance for many Violet residence to focus on their fitness.
		Baseball Field	Walking/Running Path	Basketball Court	Would like to see a covered outdoor workout area and Pavillion for community functions. Pickle Ball courts would be awesome!
	Very Important	Baseball Field	Splash Pad	Pavilion	Seating areas that's convenient for watching sporting events.
Very Important	Very Important	Basketball Court	Baseball Field	Outdoor Fitness Area	
Very Important	Very Important	Playground	Walking/Running Path	Outdoor Fitness Area	Bleachers, benches, covered playground and fitness area. At least replacing what is currently there.
Very Important	Not Important	Outdoor Fitness Area	Walking/Running Path	Tennis Court	
Somewhat Important	Very Important	Basketball Court	Baseball Field	Concession Stand	Covered Pavilion for use as a rest area or pop-up area for events.
	Very Important	Splash Pad	Playground	Walking/Running Path

					What are we missing?
Outdoor Fitness Area	Pavilion	#1 (Top Priority)	#2 (Medium Priority)	#3 (Lower Priority)	
Very Important	Very Important	Splash Pad	Concession Stand	Basketball Court	Good
Very Important	Very Important	Playground	Outdoor Fitness Area	Pavilion	Cameras
Important	Very Important	Walking/Running Path	Pavilion	Concession Stand	Park benches, nice landscaping with a large pond. Entertainment stage
Very Important	Very Important	Splash Pad	Concession Stand	Walking/Running Path	Got it
Very Important	Very Important	Playground	Basketball Court	Walking/Running Path	
Very Important		Walking/Running Path	Outdoor Fitness Area	Playground	Football field for kids to practice on
Very Important	Very Important	Splash Pad	Playground	Walking/Running Path	Gated area around keeping the kids away from the highway. Lots of lightning and security cameras to keep our kids safe!! Bathrooms also.
Very Important		Walking/Running Path	Outdoor Fitness Area	Pavilion	
Very Important		Walking/Running Path	Tennis Court	Splash Pad	
Important		Playground	Walking/Running Path	Basketball Court	Pool
Important	Very Important	Playground	Pavilion	Walking/Running Path	Parish already has many sports facilities. Violet needs a playground for kids with a pavilion for birthday/family gatherings. All ages use running/ biking path when available. This way it is enjoyed everyday by all resident family members. Not just when it's sport "season" for the few kids who sign up. It's a PARK. Violet has 'zero' public playgrounds :(
Somewhat Important	Important	Concession Stand	Baseball Field	Splash Pad	More covered seating

					What are we missing?
Outdoor Fitness Area	Pavilion	#1 (Top Priority)	#2 (Medium Priority)	#3 (Lower Priority)	
	■				Our basketball players have absolutely NOWHERE to play or practice and your port is taking the only open basketball court that our entire parish has! It would be great if y'all would replace it with something better.
					Don't replace the park
	■				
■	■				
	■				Proper lighting, additional space for regular farmers markets, local agriculture features.
